Dear Dan:

In answer to your letter, we have reviewed our records on the uncommitted balance of Contract [REDACTED] Customer 2, and

25X1A5a1

STATINTL

[REDACTED] It is our understanding that it is allowable to carry over funds of Customer 2 to one fiscal year from another, unless he specifically withdraws them, which he has not done. Our GFY-60 balance is \$3 more than your figures show, because Exhibit No. 12 was \$3,585. and not \$3,588. as stated in your letter.

Would you please instruct us what uncommitted balance figure you would like to see on the next price exhibit? If we do not hear from you, we shall probably list the uncommitted balance for the two fiscal years separately.

Enclosed are two copies of the "Status of Funds" through 30 April 1960 for the contracts which we now have with you. As you will notice in the balance column, there is money which we estimate could be withdrawn from four contracts and that there are two which need additional funding. Funds for Contract [REDACTED] will be exhausted at the end of the month of May, so we will appreciate hearing from you as soon as possible.

Sincerely yours,

[REDACTED]
